

# SABS Service Desk - Jira

## First time setup...

To log in to SABS Service Desk for the first time, please follow these steps.

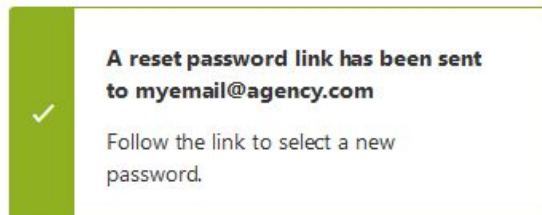

1. Visit the [SABS Service Desk](#) Jira portal
2. Enter your email address and click next

### Log in

Next

3. Click Forgot Your Password

You will be sent a new password. If you do not receive anything you may not be registered to raise queries with us.

To get registered please email your Agency name and email(s) you wish to register to [sales@sabstt.com](mailto:sales@sabstt.com)

You **must** have a profile with us in order to raise support queries.

## Logging in...

Once you have a password you can log in to the SABS Service Desk using your email and new password.
